

Saiful Islam Sakib

About Me

I am an **enthusiastic youth and Technology lover** with a strong passion to enrich my life and career with any form of corporate job. And I believe all the works we are doing is an another forms of technology. And as being a journalism student, I have learnt **creative writing, Microsoft office, voice projection and modulation** and with these skills, I always love to learn more and use these of my skills for the betterment of myself as well as the organization I will work for.
