### Career Summary

Professional Summary Passionate and hard-working Garments Merchandiser who diligently manages purchases and product distribution within major department store chains.Excels at utilizing effective and efficient modes of communication to connect buyers with manufactures.Specializes in price negotiation and conflict resolution between vendors and purchasing departments.Following buyers like as CELIO & KARIBAN.

### Present Job Status :

Merchandiser , At Woven Division  
**AKH Group** (February 09, 2016 till to date)

### Key Responsibilities of this Job :

I am working in a garments factory. It's a production based organization. I am working here as a merchandiser. On my duty I have to make a relationship with all the people who worked in this factory. First of all my work started by communicate with the buyer. Then buyer ask me to develop a sample and also give me direction how to make the sample as there reference. After that I am going to discuss about the sample with our sample section. After that discussion sample section make a sample as buyer's requirement. Then I am going to show the sample to buyer, after checking the sample properly buyer place me a bulk production order against the sample. Then I am going to make a bulk production of the product. In the mean-time I have to make a strong discussion with the people , who are involved in bulk production. After finishing the bulk production I have to deliver the product to buyer's place. To complete all this process, I have to make a strong communication with all the people who worked in the factory. And also make a proper plan to maintain the production & on-time shipment, also get the payment from the buyer against the shipment.
