1. I want to apply in Honda, Because Honda is the world's largest manufacturer of two Wheelers and a leading automobile company. It Recognized the world over as the symbol of Honda two wheelers. As a fresher with interest in Automobiles it is the best opportunity that I can get, Honda being a total indigenous company, I will get an opportunity to learn as well as deliver.
2. This is the company I've been looking for, a place where my background, experience and skills can be put to use and make things happen. I want to contribute to Honda with my analytical skills to the success of the employer as well as my individual growth.
