PROJECTS

Website

Travel Agency Management 📅 2019

Ticket Booking and Hotel Reservation
- Designed and Developed
- Connected to a local Database
- Create, Read, Update and Delete data

GAME

Text Adventure Game 📅 2021

Text based Adventure Game
- Developed using JAVA language
- Implemented Object-oriented Programming

THESIS

A Color Vision Approach Based on the Autoencoder Technique and Deep Neural Networks for Reconstructing Color Images under Various Lighting Conditions

📅 2021

Guide: Md. Ashraful Alam, PhD

Developed a model which uses auto-encoding techniques in order to reconstruct dark images into a more visible one while training itself and making it faster

EXTRA-CURRICULAR ACTIVIES

Cultural Club (BRAC University)

Performing Artist

Campus Ambassador (Value Base Academy)

Liaised with Value Base Academy and aided students interested in pursuing a career in data science to get into the Value Base Academy data science program through hosting seminars and one to one counseling

EDUCATION

B.Sc. Computer Science & Engineering

BRAC University

CGPA
3.03 / 4.0

📅 2017 - 2022

Higher Secondary Certificate

Birshreshtha Noor Mohammad Public College

GPA
4.83 / 5.0

📅 2014 - 2016

Secondary School Certificate

BIAM Model School & College

GPA
5.0 / 5.0

📅 2014

SOFT SKILLS

📞 **Teamwork**
Teamwork is an important soft skill. Many people can work well alone but cannot work in a team. I am more of a team-player who can also work independently.

⭐ **Time Management**
Coming to work on time, completing work on time is time management. It is very important for me to be good at time management as it helps the me to cope with the sudden workload.

⚡ **Problem Solving**
I am able to solve problems by identifying the problem, logically analyzing it, observing the problem and hence solving it using intelligence

RELEVANT COURSE WORK

Smart Office Applications

IIT, University of Dhaka

CAREER INTEREST

 Data Analyst

 Application Developer

 Web Developer

 Game Developer

SKILLS

COMPUTER PROFICIENCY

Oracle/SQL Light HTML CSS JAVA Python

C/C++ Latex STATA

ABOUT ME

I am a computer science graduate looking for an opportunity to apply my gained skills. I completed my bachelors from BRAC University. Object-oriented programming using Java language is a fundamental part of the university's curriculum. Moreover, I worked in MySQL to create a database which had basic functionalities like create, read, update and delete. In order to link the database, I designed a website using HTML/CSS. Currently I am doing a course on data science in Value Base Academy. Furthermore, I have completed various courses from datacamp.com which are related to data science. Other than that, I worked on my problem-solving techniques by completing 100 problems in URI Online Judge. Besides, I have the basic knowledge of some well-known software like Stata, Proteus, Quartus etc. Apart from that, I have some experience of working with latex as well. I am quit sure that I can enhance success of any company with my existing skills.

PERSONAL INFORMATION

Date of Birth
20th June 1998

Permanent Address
37, Aga Sadek Road, Bangshal, Dhaka

NID number
1510227778

ONLINE COURSES

Introduction to Data Science in Python

Datacamp

Machine Learning Fundamentals with Python

Datacamp

OTHER INTERESTS

 Bassist in the band Selfish Orange

 Playing Valorant semi-professionally and other casual games

 Watching movies & series

 Keeping up with the latest developments in technology
